

AWQ30I: Digital Photography **Style & Vision**

Guidelines

- Create a **series of still images** (photographs, photo collages, photo design/ art) in the **style of a photographer** or photographic artist you find inspiring.
- You should create a **minimum of 10** photographic images.

Research

- Research and create a presentation on a **photographer(s)** you find inspiring. It can be a famous photographer or an up and coming photographer from Instagram.
- Provide a **minimum of 2 paragraphs** written information about your photographer(s).
- Follow these **7 points** while compiling your research and preparing your presentation

1.	Provide brief but important biographical information about the photographer.
2.	Outline the individual's technical and artistic contributions to photography.
3.	a) Discuss the photographic style (lighting, mood, composition, camera angles...) b) Explore reoccurring themes and or compositional elements in the work.
4.	Who or what influenced the photographer?
5.	a) What impact has the person had on other photographers? b) Provide names and information about photographers or artists who have been inspired by your photographer.
6.	a) Provide at 10 examples of their photographic / artistic work. b) You may also include an interview clip with the photographer.

Project Description

- Write a project **description about your photos** as part of your final project presentation.
 - The description should be **3-4 paragraphs** in length (minimum).
- Clearly state your **stylistic intentions**.
- This description will explain the following:
 - Why you selected the particular director
 - Any decisions you made in interpreting the style
 - How mimicking the style and influence lead to your own personal vision or outcome
 - An explanation of content, subject matter, and message/ meaning
